

TruePower 400 Heavy Duty Marine Power Inverter

Convert 12V DC Vehicle/Battery Power to 110V AC Household Power

Rich with features, TruePower offers Bat'Saver Mode operation on its 400 watt model so your engine crank battery will stay above 11.5V to start your boat or vehicle.

- **GFCI Safety Protected AC Outlets**
Maximum ground safety and protection.
- **2 Mode Power-On with Battery Saver**
- **(Bat Sav'r) Auto Mode**
Automatically reserves battery power for engine start.
- **Soft Start and Noise Filtered Technology**
For powering demanding loads.
- **Anti-Corrosion Protection**
Conformal coating on all electronics.
- **User-Friendly Operation**
High visibility LED power bar graphs and status indicators, intergrated port for remote control.
- **Built-in Safety**
GFCI, over voltage, thermal, reverse polarity, low battery and short circuit protection. Constructed to UL458.
- Two Year Warranty

Model	TruePower 400
Part #	05040
Wattage	400 Watts
Surge Rating	800 Watts
Size	9.25"x6.0"x3.0"
Weight	7 lbs

Application Guide

25W	Cellular Phone
35W	Camcorder Charger
50W	CD Changer System
65W	9" Color TV/ Radio Combo
80W	13" Color TV
100W	Video Game System
100W	Can Opener/ Coffee Grinder
150W	Soldering Gun
175W	Laptop Computer
220W	25" Color TV
230W	13" Color TV/VCR Combo Unit
250W	12" 3-Speed Fan
350W	Mixer
400W	1/4" 4A Drill

TruePower 400

The items listed above are intended for reference only. Appliance specifications may vary. Certain appliances and tools require a higher surge power in order to start up. To compute the actual wattage of a device, determine the amperage rating, and multiply by the AC voltage (A x V = W). For example: 3 Amps x 110 Volts = 330 Watts.
