

Directive 2002/95/EC

Status of RoHS Compliance

Restriction of Hazardous Substances

The items listed below fulfill the EU RoHS directive 2002/95/EC and restrict the following hazardous substances according to the Official Journal of the European Commission from August 18th 2005.

The numbers in parentheses besides the product number show the serial number (S/N) from which on the RoHS conformity is fulfilled. Lower serial numbers might include compliant products, too. Please check the status with PULS if required. If no serial number is indicated all units are RoHS compliant.

The maximum impurity levels of homogeneous materials are below:

Mercury	0.1% by weight
Cadmium	0.01% by weight
Lead	0.1% by weight
Cr6+	0.1% by weight
PBB	0.1% by weight
PBDE	0.1% by weight

PULS uses a self declaration policy supported by supplier declarations which are organized by a purchasing control process and a master database. Supplier audits will be performed as required.
